---

**This addendum is comprised of:**

- 1. Question and Answer**

**The following question was asked and answered:**

**Question:** What gas or air elements do you need to monitor? Such as CO2, CO, temperature, humidity, or any particular gas?

**Answer:** Aircurity system monitors CO2.

**Question:** Page 1 refers to a 50% Payment Bond. However, Page 59, Article 7.2 refers to the Contractor furnishing a Performance & Payment Bond in the sum of the Contract Sum. Need a clarification on this.

**Answer:** The Performance Bond is not applicable for File 10066. The City is only requesting a 50% Payment Bond if the contract amount is greater than \$25,000.00.

**Question:** Page 59, Article 7.3 refers to a Performance & Payment Bond furnished by the Subcontractor. Are you asking us to bond our subcontractors (if applicable)?

**Answer:** The Contractor may request Performance & Payment Bonds from their Subcontractor if they choose. The City does not have a contract with the subcontractor.

**All other details remain the same.**
